BIDS AND AWARDS COMMITTEE

BID BULLETIN

IFB No. 041 – 2024

Bidding for the Supply, Delivery, Installation and Commissioning
Of 20/25 MVA Power Transformers at BATELEC II Substation Site

.....

Please be advised of the following information in the submission of bids for IFB No. 041– 2024: Bidding for the Supply, Delivery, Installation and Commissioning of 20/25 MVA Power Transformers at BATELEC II Substation Sites:

- Bid Submission and Opening of Bids is re-scheduled on **January 17, 2025**

Bid Submission – on or before 7:00 AM on January 17, 2025

Bid Opening Conference – January 17, 2025 @ 9:00AM

- Origin and Manufacturing of the Power Transformers may be from a non-OECD member country, except CHINA. Brand/Technology remains from an OECD-member country
- Site inspection will be on January 8, 2025
- Scope of Works shall include the following:

Replacement Procedure:

- Replace the existing 10MVA transformer with the new 20MVA transformer, ensuring that the new transformer is placed in its designated area and power is resumed within a maximum of **12 hours**.

Crane and Skidding Requirements:

- A crane may be used for the installation; however, any crane operation requiring further shutdown of the incoming 69kV line is **not permitted**.
- Alternatively, a skidding procedure can be employed to complete the installation without disrupting the incoming 69kV line.

Dismantling and Relocation of Existing Transformer:

- Relocate the existing 10MVA power transformer to a designated area within the BATELEC II San Jose and Cuenca Substation perimeter.

- For ex-stock Power Transformers, Testing / FAT shall be conducted and inspection of the manufacturing plant
- Performance of supplied units similar to the offered units shall be checked after issuance of the Notice of Award
